Would you like to celebrate your MCMH Employee? Share Your Story!

The PETAL (Providing Exceptional Treatment and Affirming Lives) Award is a program that honors and celebrates the skillful, compassionate care our employees provide every day. We want to say “thank you” to our employees in a very public way. The PETAL Award recognizes employees who are extraordinary in the impact they have on compassionate patient care. Honorees can be any employee who impacts patient care directly including environmental services, dietary, social services, receptionists or employees of direct patient care (CMA, CNA, Respiratory Therapy, etc.) who specialize in case management, informatics or patient flow.

This PETAL Award influences staff and/or the patient care they manage by:

-  Role modeling extraordinary behavior
-  Creating an environment where attributes of trust, compassion, mutual respect, continued professional development and ethical behavior are modeled and supported
-  Motivating staff with a shared vision and enthusiasm to achieve better outcomes for themselves and for their patients
-  Promoting and enhancing the image of patient care within the organization, the community and the profession

Please describe in detail the employee, their story, and the outcomes:
